**Project Summary / Synopsis**

Briefly describe your project in (50 words max.). See the Grant Guidelines for a list of eligible projects.

**Section C : Detailed Project Description**

All applications will be reviewed and considered based on the artistic merit of the project, its feasibility and the quality of the audio-visual support material included in the application. Please feel free to discuss your application with SAW Video staff prior to its submission.

Each application will be photocopied and presented to the jury for consideration in its entirety. In order to reduce costs and waste and out of consideration for the jury, please make sure that submissions adhere to all word limits.

Please ensure that all components are submitted, and make use of the check list enclosed in the application package. SAW Video will not contact you to request missing material.

### 1. Artistic Statement

Please introduce yourself to the jury as an artist. Describe your purpose for creating this project. What themes are you exploring? Why do you feel it is important to create this video in the way it is envisioned? How will the project help you to develop your artistic expression and career as an artist? How does the project relate to your previous work in video or another media? You may describe the formal, historical or social ideas related to your project. (500 word max.)

### 2. Project Outline

Describe what your video is about. What happens to the subjects or characters in your video? Describe the plot, story line or subject matter. (500 words max.)

For **documentaries**, please make sure to mention any research that has been completed in developing the project in your project description.

For **experimental projects and video art** make sure that you have described the projects themes, structure and process.

### 3. Creative Notes

Describe the video's audio and visual styles. What will the video look like and sound like? How does this affect the mood of the video? Address any visual themes and formal generalities in relation to your artistic concept. In this section, you may talk about camera movement, lighting, music or audio sources, composition, acting style, influences, etc. (500 words max.)

### 4. Genre-Specific Requirements

For **documentaries**, please provide letters of agreement from the subjects confirming that you will have access to proposed material and / or their participation in the project.

For **dramatic productions**, please *also* attach a maximum of 10 pages of your script.

For **animation**, please *also* attach a maximum of 10 pages of your storyboard.

### 5. Budget

The budget provides a realistic justification of expenses with respect to the scope of the production, it illustrates that the applicant has the resources required to complete the project, and it demonstrates that the applicant has seriously considered all aspects of their production.

Please create a budget detailing all project-related revenues and expenses, note that your **budget must balance**. The document can be modified so that lines may be added and unnecessary lines may be eliminated.

In your revenue section you can also list your own financial contributions towards the project, as well as in-kind donations, deferred payments, etc.

If your expenses exceed the pre-determined amount of the grant you are applying for, please ensure that you list the other funding sources and the status of that funding (confirmed or pending) in your revenues section so that your expenses are equal to your revenues.

Please consult our website and / or contact our Technical Coordinators if you have any questions regarding your equipment requirements and the associated costs.

Keep in mind that all SAW Video grants are comprised mainly of access to equipment and have only a small cash honorarium.

### 6. Production Schedule

A variety of formats are acceptable, eg. activities by month, activities by week, activities by particular dates. If possible, indicate location information, stage of the production process and an expected completion date. Jurors and SAW Video staff understand that a production schedule is fluid and may change as you go through the process of making your work.

### 7. Artistic CV

Jurors will assess the applicant's capacity to complete the project, a key component of the proposal's feasibility, by assessing your past artistic experience. An artistic CV may include, in point form, a list of:

- Media arts training, formal and informal;
- Community service, such as involvement in artist-run centres;
- Independent film or video works the artist has created or helped to create (role in the production, titles, dates of completion, formats);
- Exhibitions of the artist's professional independent film or video works (in festivals, galleries or museums, special screenings, etc.); and/or
- Prizes or awards received.

### 8. Audio and Visual Support Material

When choosing audio-visual support material, ensure that you select the strongest material possible which has a strong relationship to your proposed project.

Please limit your material to a **maximum of 3 videos with a combined running time of 15 minutes**. For longer video submissions, please indicate which 5 minutes should be viewed, and if possible cue it to the desired location if it is in tape format. **Please do not submit originals**. Please ensure that support material is well labeled with the applicant's name.

If the applicant is a member with works in the SAW Video archive, they are still required to provide support material. This ensures that the jurors are watching the correct support material.
